

MUSTANG RABBIT – ADELAIDE AND THE DRAGON CASTLE

BEFORE

By order of King Croban: the material here-in is declared forbidden for inciting subversion of acceptable roles, encouraging free thinking, and unacceptable nicknames uncomplimentary to the crown. Report all beautiful sorceresses to the crown immediately. Do not engage in combat alone.

Threatened with marriage to a wife killing lord and abandoned by her twin brother after the death of their elderly master, Adelaide escapes to King Croban's court, taking her brother's place as a recruit to the king's castle guard.

Her plan backfires when Master Lothar, charged with training pages and squires for the kings finds her incompetent and unready to serve. In a fury, he orders her to bring him the head of the dragon who has kept a beautiful lady prisoner in his castle lair. Or be sent back to her step-father in chains.

Scared, and disheartened, Adelaide arms herself with castaway armor and weapons and rides for the Dragon's Castle. What lies for her beyond the gates is much more than fire and scales. It might even be the answers to the prayers she no longer dares utter. Or it could destroy her completely.
